

62
[1957]
DEAR HOLLY SOCIETY MEMBER:

We are pleased to send you a list of Hollies available for the first time from our nationally known collection. See Section A.

Also attached is a list of our complete collection. See Section B. Should you have some we do not have, we would be interested in hearing from you.

This list is to let you know what we have for you to see (Sections A & B) and buy (Section A). We have not put in a description but you will soon receive our new catalog with the Section A plants described.

Quality stock is all we have for sale and we believe our prices are hard to beat - real value in our plants.

May we serve you?

Sincerely,

CLARENDON GARDENS NURSERY
~~Box 1071~~ Pinehurst, N. C.

TERMS AND CONDITIONS

PRICES

All prices listed are F.O.B. our Nursery. Prices listed cancel all previous quotations and are subject to change without notice. Prices quoted are for individual plants. Specimen stock selected by customers at Nursery will be charged for according to value, irrespective of catalog prices. Prices have been generally lowered this year. Check for real values.

TERMS AND SHIPPING

Cash with order (check or money order). We accept all orders with the provision that they shall be void should any injury over which we have no control befall our stock. All quotations are subject to prior sale.

With the exception of the immediate vicinity the purchaser will be obliged to make arrangements for the delivery of these plants. Plants will be shipped via Railway Express (unless otherwise specified), shipping charges collect.

If shipped, add 10% to your order for packing and crating charges.

MINIMUM ORDER

Due to the high cost of crating and processing an order, the minimum order that can be accepted for shipment is \$10.00. No minimum for Nursery pickup.

GUARANTEE

We guarantee that our stock is well rooted, well grown, correctly dug, properly packed, and in perfect growing condition when shipped. We give no guarantee that stock will live and grow.

VISIT OUR GARDENS AND NURSERY

Twenty acres of Gardens around a five acre lake. Holly Arboretum with hundreds of specimen plants - Nurseries and sales ground stocked with choice plant material.

It is the policy of the Government to provide for the health and safety of the people of the United States.

The Department of Health and Human Services is committed to the highest standards of scientific excellence.

This is a report on the progress of the research project conducted by the National Institute of Health.

The results of the study indicate that there is a significant correlation between the variables studied.

Very truly yours,

Respectfully,

Dr. John Doe
Director, National Institute of Health

Enclosure

Copy

All persons who are interested in the results of the study should contact the National Institute of Health.

Thank you for your interest.

The following information is provided for your reference. The data was collected from a series of experiments conducted over a period of six months.

Enclosure

The results of the study are consistent with the findings of previous research in this field.

The study was conducted in accordance with the highest standards of scientific practice.

Very truly yours,

The results of the study are consistent with the findings of previous research in this field.

The study was conducted in accordance with the highest standards of scientific practice.

SECTION A - These plants we have for sale this season. We are very short on some sizes of certain varieties already. So order early.

SECTION B - Herein is listed the plants we have for people to view and our own testing. We have, in most varieties in this section, a few for sale - generally 2 to 5 in a couple of sizes. Write us for your needs and we'll try to help you. Tell us what sizes would be satisfactory and if you give us some latitude for choice in size, we'll try to accommodate your needs.

Prices will be the same as the prices in Section A.
